

Bert D. Kollars
Corporate President/CEO

December 23, 2009

Greetings:

RE: Williams-Brown Construction, Mr. Jeremy Brown & Chad Williams

As the President of the International TaeKwonDo Alliance (200 franchised academies and clubs located throughout the U.S., Scotland, Italy and England) since 1983 depending on staff, consultants, partnerships and qualified professionals is paramount.

Over these years I have built 4 corporate office buildings and 8 strip centers housing various aspects of our business. Our company hired Williams-Brown Construction for one of these projects.

Williams-Brown excelled in all of the following categories;

- Design
- Management
- Pricing
- Safe and neat job sites
- Staff quality and attitude
- Appreciated our business
- Did the work others would ask us to do

Williams-Brown Construction is one of a kind when a project requires great rather than just good.

Whenever I call on my project for follow up related to the building their attitude is one of cooperation. Their position is that they built the building and will help take care of.

There is none better than Williams-Brown Construction.

Sincerely,

A handwritten signature in black ink, appearing to read "Bert D. Kollars".
